

Job Description

About HaydenCG:

Hayden Consulting Group is about new beginnings and going back to roots. The leadership of HaydenCG were previously leaders at Amundsen Group. During this time, they pioneered the use of data and analytics to create competitive advantages in BioPharma commercial strategy.

Now, with **HaydenCG**, the focus is on the enormous opportunity, challenge and potential for structural change that is facing our industry. The leadership of **HaydenCG** are building this firm to take advantage of technology, data/analytics, game theory and competitive dynamics to benefit our clients.

Our Focus:

HaydenCG is focused on the US Commercialization and Market Access space – exclusively. The payer, reimbursement and commercialization market dynamics are extremely fragmented, complex and produce distorted incentives. Companies that understand these dynamics, can create unique opportunities for success. **HaydenCG** partners with our clients to provide them with winning strategies, backed by facts and data, and to accelerate their performance on the market.

<COMING SOON>

HaydenCG seeks talented individuals with degrees from some of the world's top institutions. As a new hire, you will be provided on-the-job training that will allow you to develop the skills and business acumen. Join us as we focus on using data, analytics and strategy to help BioPharma clients find better solutions for their patients.

At **Hayden Consulting Group**, we believe that differences are essential. Your gender, your god, your sex life, your skin color or your bigshot relative don't matter to us. **HaydenCG** is an open-minded meritocracy. If you're smart and good at what you do, you should be at **HaydenCG**.

(That's another way of saying: "We're an equal opportunity employer. All applicants will be considered for employment without attention to race, color, religion, sex, sexual orientation, gender identity, national origin, veteran or disability status.")
